

Connecting with **CottonInfo** for new growers

CottonInfo is a joint program by Cotton Australia, CRDC and CSD. We bring you news, information, events and research to help you achieve best practice.

Our team of regional extension officers, technical leads and myBMP experts can help with information on nutrition, soil health, water management, pesticide efficiency, energy, carbon, biosecurity, disease and insect management, natural resource management, stewardship and weed control.

It's as easy as 1-2-3 to connect with CottonInfo.

1. Sign up to receive our email newsletters, event invites, and hard copy publications including the Cotton Production Manual and Pest Management Guide at www.cottoninfo.com.au/subscribe. It's free.

2. Got a technical question or looking for more info? Talk to your nearest regional extension officer or one of our technical experts at www.cottoninfo.com.au/about-us

3. Come along to an upcoming industry event in your area to connect with other growers, researchers, industry bodies and the CottonInfo team.

Meet our team

Led by CottonInfo Program Manager Warwick Waters (0437 937 074, warwick.waters@crdc.com.au), and supported by Communications Lead Brad Pfeffer (0457 152 548, brad.pfeffer@crdc.com.au) the CottonInfo team of Regional Extension Officers, Technical Leads & myBMP experts are all here to help.

Regional Extension Officers

Regional Extension Officers provide cotton research outcomes and information directly to growers, agronomists, consultants and agribusinesses in each region. Scan the QR code to add to your phone contacts.
